

Plan to Protect® 5-Steps to achieve the HIGHEST STANDARD of Abuse Prevention and Protection for your organization!

Join thousands of community agencies, schools, faith institutions and camps that have successfully achieved a high standard of protection by implementing the Plan to Protect® proven strategy of safeguarding. In the process, you will demonstrate your care to your volunteers and staff, your community, the vulnerable sector that you serve, and you will also qualify for abuse coverage with your insurance company.

This strategy works, and we are offering the first of our five (5) steps of Plan to Protect® Strategy FREE with the purchase of Step 2: our professional development courses (Administrator/Leader and Train the Trainer certification). Once you complete these two steps, you will have what you need to implement a strong abuse prevention program. The five steps will ensure you have a strong Plan to Protect® in place.
