

# Plan to Protect®

The HIGHEST STANDARD of protection and abuse prevention for organizations serving the vulnerable sector globally.

## Membership Packages

Join our network of members!

Community organizations (schools, clubs, camps, etc.) and faith based organizations (churches, parishes, synagogues, mosques, etc.) are invited to apply to become a Plan to Protect® Member and join others with like-minded commitment to abuse prevention and vulnerable sector protection.

Plan to Protect® Members:

- Demonstrate a commitment to abuse prevention (recognizing that Plan to Protect® members are at different places in implementing the plan);
- Recognize that a plan, to protect children, youth and vulnerable adults, includes awareness of the issue of abuse, written policies and procedures, initial and annual training of staff and volunteers, proactive screening, documented and tested procedures, and annual assessment;
- Strive to be accountable to the leadership of their organizations, parents and caregivers, and their communities; and
- Receive access to valuable tools, training and support, from the team at Plan to Protect®, to assist them in their efforts to protect the vulnerable sector.
